A Monumental Pair of Irish Neo-Gothic marbled wooden pilasters

Each tapering element of quatre-lobed section springing from a conforming gray plinth and rising through three tiers of horizontal bands before terminating in a gray foliate capital; the body painted in ochre, terra cotta and dark brown;

An exceptional architectural accent featuring a **hand-painted faux-marble finish** in warm amber and golden tones, meticulously layered with delicate veining for a rich, natural depth. The **ornate Corinthian capital**, adorned with carved acanthus leaves and volutes in a muted stone-gray finish, provides a striking contrast to the lustrous shaft.

Resting on a **tiered plinth base** with soft gray-green
